About ICSCAI 2024

International Conference on Sustainable Computing and Integrated Communication in Changing Landscape of AI (ICSCAI 2024) is organized by Lloyd Institute of Engineering & Technology, it will be held on 4, 5 & 6 July 2024.

The ICSCAI 2024 Conference appears to have several key objectives :

- The conference aims to bring together academicians, scholars, and researchers to share their knowledge and ideas. This is crucial for fostering collaboration and staying updated on the latest developments in the fields of Engineering, Management, Informatics, Science, and Technology.

The Conference Specifically focuses on

- To discuss current developments in various areas, with an emphasis on the Sustainability aspects in today's digital era.
- To awareness of the need for sustainable practices in research and technology.
- To emphasis on creativity to encourage innovative solutions and approaches within these disciplines.
- To contribute to finding practical solutions. This reflects a commitment to addressing real-world challenges through a scientific and research-oriented approach.
- To provide platform for the Researchers to publish their contributions in highly ranked IEEE proceedings indexed by Scopus. This reflects a commitment to disseminating valuable research findings and contributing to the academic literature.

June 08, 2024	Deadline for registration payment of authors of accepted papers
July 4, 5 & 6, 2024	Conference dates

Conference Theme (Non – Restrictive)

- AI-Driven Industrial automation
- Soft Computing and Nature inspired computing
- Human Machine Interaction
- Evolutionary Algorithms and Computational Intelligence
- Cloud, Fog, and Cluster computing
- Emerging tools, technologies, and Security
- Web Intelligence and Social Networking
- AI in smart Communication Systems
- Computational Intelligence in Modern Power System applications
- Neural Networks and Pattern Recognition
- Internet of Things (IoT)
- Internet of Medical Things (IoMT) and Smart Healthcare
- Smart Energy Environment and applications
- Entrepreneurship and Innovation
- AI in Business
- Sustainable Development Practices
- Digital Finance Using AIML
- Marketing and Digitalisation
- Block chain
- Industry 4.0

Conference Proceeding

Selected papers will be published by IEEE Xplore (Scopus Index)
